To  
**The Hon'ble Chief Minister,  
Andhra Pradesh,  
Hyderabad.**

**Hyderabad  
7-06-2009**

Respected Sir,

Sub: Allotment of House sites to all power Engineers – Reg.

\*\*\*\*\*

APSEB Engineers' Association would like to bring few points for your kind consideration and favourable orders please. This Association represents all the Engineers from the cadre of Assistant Engineer to Chief Engineer working in the power Sector of Andhra Pradesh.

Hon'ble Chief Minister is kind enough to announce allocation of House Sites to all the Judges, IAS, IPS, Journalists and Government employees. The services of the Power Engineers are very vital in providing uninterrupted power supply and free power to Agriculture which is the bold and progressive decision of the Government of A.P. The Power Engineers are working hard round-the-clock in improving the performance of the sector and service to the customers. **Hence this Association requests the Hon'ble Chief Minister to allot the required land towards house sites for all the power engineers.**

**In view of the importance of the sector and nature of duties and dedicated service being rendered by the Power Engineers, necessary instructions may please be issued for favourable consideration of allotting land for house sites. This step will go a long way in ushering new energies in to the Power Sector.**

Yours faithfully,

  
(A. SUDHAKAR RAO)  
Secretary General

APSEB ENGINEERS' ASSOCIATION
